Testicles After Four Years.

Cashier, Central, N. Y. G. B. Burns writes: "About four years ago I wrote that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy. I entirely stopped the brick dust and all the remedies and all the symptoms of kidney trouble disappeared and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured. Foley's Kidney Remedy will do the same for you."

Must Not Kill Them.

The closed season for killing rabbits and squirrel is now on and it is agreed by law to kill these animals from now until the beginning of the quail season on November 15th. The last gathering of these animals was on October 1st, so there is no protection to quail during the two months immediately preceding the expiration of the closed season. Some sportsmen take advantage of the opportunity offered for hunting game and kill quail while supposed to be hunting rabbits and squirrels.

Zero Courtship.

The Practical Young Man and the girl friend he has known for a year or two are now to be courted and two weeks is a long time when there are moonlight nights and a stretch of sheltered beach with an old wrecker ship sangster down the beach in the background. It seems though they had known each other for years and years. The Practical Young Man said so, and the girl from Boston said so, and the parents of both said so.

A 214 acre tract of land was sold in 1908 for \$1,000 per acre. This tract was bought only a few days ago for \$20,000, which is a practical illustration of the remarkable increase in land values in Kentucky.

The Cincinnati Enquirer of Saturday published its annual estimate of the value of the Burley tobacco fields of Kentucky, Ohio, Indiana and West Virginia.

Report of the latest fashion designs
from Chicago is thus expressed:

Good-hye to the girl who resembles
her mother at all in form, also that
will be about all the young persons
who lead on top of her head from 2
-7 pounds of exorbitant and the
more the better. The woman
who wears such a long and tight corset
that she cannot walk or bend over.

The national dressmakers, who are
getting in their every division for
help, say that when they receive
such of these extreme fads. They also

encourage the cheering information
he always gives when he locates a wo-
man's way about when she has wanted it.
For two seasons women's wa-
ists have been rubbing about all the
ways from the waist down, and now
knows, but the new style will get it
back into its proper position. Here-
after the dressmakers hasten to assure
the public that we can tell by the way
whether a woman is coming or going
and to know, with some degree of
certainty, whether she has her dress
on upside down or not.

In all events, the bean pole effect is
decidedly passed. Now comes relief
(near enough to banish the Russian
style), which is a broad belt from the
waist and the companion pantie, mod-
ified to such a radical extent that the
wearer can walk without assistance.

It is known grandparent to have
good memories, but a parent, according
to children, should never be long to reach
from the threat to the spanking.

Most women are troubled with Kid-
ney complaints, and you know very
well that the best way to get rid of
them is from these neglected Kidney
troubles. If you will take DeWitt's
Kidney Tonic, you may be confident of good results.
They and see how good they are.

Sensible Fashions.
Sunflower Philosophy.

If you think a man has so trouble

it is because you have given him no
chance to tell them.

Never permit yourself to reach that

stage where your entire happiness de-

pendes upon your partner.

We have observed that when the
doctor begins to issue bulletins th

undertaker begins to take notice.

Never permit yourself to reach that

stage where your entire happiness de-

pendes upon your partner.

A woman might as well propose,
for after she has been married eight
or ten years her husband says she
does not look well.

Watch any man awhile and you
will find that he has a bone hidden
somewhere that he runs to every little
time he digs up.

Rev. D. H. Scanlan, of Montreal, S. C., will preach at the First Presbyter-
ian church Sunday morning and even-
ing.

While playing ball, at Caldwell High
School, Monday, George Bisson, aged
about eleven years, fell and broke his leg.

A big crowd went to Cincinnati Sun-
day, on the last excursion of the sea-
son. Several enough back well-en-
ough to make the excursion fairly
orderly and all had a good time.

The police gathered in a number of
places Saturday night for fishing and
otherwise creating disturbance. Judges
tried to settle their trouble with
fines, etc., but the police were too strong.

Makes Hen's Lay.

Banbury Egg Provent is a natural
condition powder for laying hens. It
acts gently on the hens' digestive and
excretory system, and makes them
lay regularly. Try it and see. Sold
by regular dealers. Write for
samples.

Notice of Election.

Notice is hereby given that on Tues-
day, Nov. 2nd, at the regular voting
places in the City of Richmond, Ky.,
an election by the qualified voters
of the city of Richmond, Ky., will be held
for the purpose of electing three public
school trustees, one from each school
district, to serve for three years.

Anything and/or done in my behalf
will be greatly appreciated.

Respectfully,

P. F. Adams, Jr.

Business Change.

Mr. J. H. Kennedy has severed his
connection with Giddens & Flora, of
this city, and accepted a position as
representative of Peter Burroughs Son
Co., Louisville, Ky. He is now
known to be the largest stone
company in the South, and their work
is in the leading groceries of the
country. Mr. Giddens & Flora, the
well-known and reliable firm, Mr.
Kennedy is in position to give en-
tire satisfaction to those who buy
from him.

Home Grown Cotton.

Mr. J. D. Mitchell, of this city, sent
to the Climax office several bushes of
cotton grown here. Richmond is
about as big, as large, as the home
grown cotton, and the quality is
as good as that grown in the South. It
requires more trouble and attention,
but the results more than pay for the
effort.

Nothing More Important.

Everyone knows that the best
way to help your child is giving
children proper education. This
can not be done unless you have
a comfortable quarter in which to
live.

Education.

The schools are the best places
to receive an education. The
schools are the best places to receive
an education, and the quality is
as good as that grown in the South.

It requires more trouble and attention,
but the results more than pay for the
effort.

Always believe, that cotton can be
made comfortable in this climate, provided,
of course, that it is kept under
control.

Investigate.

By voting for the bond issue, tax-
payers can earn \$100,000 to \$200,000
at the end of the year.

Good, doesn't it look like a good
business proposition?

If you are doubtful as to the necessity of the im-
provement, go to the schools and
see how the children are progressing.

The Climax wishes to again impress upon the voters of Richmond the importance of voting for the bond issue. We have published facts and figures to show the importance of furnishing more and comfortable quarters for the children and the students that attend the schools. Who, who stands bold in voting for bonds, will vote for this issue if he will only stop and consider its importance. The education of children is a duty no one shirks. It is a duty that we all share with a complete fall of sense now that it is wrong and cruel to house up children in uncomfortable and inadequate quarters. The fact of comfort is strong enough to make us vote for the bonds, and the increase that can be obtained is proof enough to convince anyone of the importance of having adequate and comfortable quarters. The education of the money is a task well worth to be done, as the bonds run for several years and the increase is trifling. Think this over, gentlemen, and we are satisfied that you will make up your minds to vote for bonds.

The World Renowned and Only Absolute Smoke Consuming Stove in Earth
THE WONDER OF THE AGE

The HOT BLAST AIR TIGHT Florence

PATENTED JUNE 13, 1899
U. S. Circuit Court of Appeals, March 1, 1899

Beware of imitations and impersonations who claim to have a stove like or just as good as the Florence. Do not be deceived by such false claims and find it out when it is too late. Examine the Florence carefully before you buy.

NO SOOT! NO SMOKE! NO DIRT! NO CLINKERS!

EVERYTHING CONSUMED!

At the end of a season's use with soft coal, there will be no soot in the pipe or fire.

THE ZENITH OF STOVE PERFECTION

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made.

The jointless leg bottom and base makes the stove tight at the grate, which is the only true keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The Hot Blast Air Tight Florence will heat twice the space that any other stove.

All features are patented and no stove manufacturer, dealer or user can copy or use same for seventeen years, from date of patent without incurring liability for an action for damages.

If the Florence is Operated According to Directions:

The No. 21 will heat one small room all winter with 2 tons of slack or lump coal.

The No. 55 or No. 23 will heat 2 or 3 rooms all winter with 2 3/4 tons of slack or lump coal.

The No. 51 or No. 25 will heat 3 or 4 rooms all winter with 3 tons of slack or lump coal.

The No. 55 or No. 27 will heat 5 rooms all winter with 4 tons of slack or lump coal.

The No. 55 will heat a large store or school room with 6 tons of slack or lump coal. For a church less coal will be required.

Will burn a ton less of hard coal Base Burner of the same size and heat twice the space.

THE HOT BLAST AIR TIGHT FLORENCE burns soft coal or slack and all the smoke and gases. Not filling up the stove, pipe or flue with soot. No dirt inside or outside the house. It will burn hard coal and all the gases which escape from a hard coal base burner. It will burn wood and saw dust, wet or dry. It will produce one-half less ashes than any stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

An Ordinance

Whereas the Board of Education of the City of Richmond has it always necessary to provide additional and more comfortable school buildings for the rapidly increasing school population of the City of Richmond, the present school buildings being totally inadequate to accommodate the same;

WHEREAS the amount of money necessary to be raised, in order to provide additional and more comfortable school buildings for the City of Richmond, will incur a heavy expense, payment of which can not be met without exceeding the tax limit for the year 1910, or any single year, therefor, the Board of Education and the Mayor and City Council of Richmond, Kentucky,

Resolved, That the City of Richmond, Ky., incur an indebtedness of the sum of \$100,000.00, for the purpose of erecting and maintaining additional school buildings for the use of the school children of Richmond, Ky., and that indebtedness shall be paid as follows: At the expiration of five years from the date of the passage of this ordinance, forty of said bonds shall be paid off, and thereafter, annually, until the entire amount of said bonds shall have been paid in full. Said bonds shall be payable semi-annually, at the rate of five per cent per annum, payable semi-annually, on the first day of January and July of each year, three at the expiration of the sixth year, and two at the expiration of the seventh year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be numbered consecutively, starting with the number 1, and that bonds shall be due and payable and redeemed under this ordinance in the order of their numbers, and that the first bond shall be annually created and issued, and numbered 1, and that the second bond shall be annually created and issued, and numbered 2, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

Resolved, That the City of Richmond, Ky., shall be liable to pay interest on said bonds at the rate of five per cent per annum, and said bonds and the principal thereof, shall be paid as follows, on the first day of January and July of each year, three at the expiration of the sixth year, and so on, until the entire amount of said bonds shall have been paid in full.

The Fall Season.

The fall season opens upon us, and the forests have been painted by the touch of the frost King and they are turning crimson and yellow. The nights are now long and cool, and the days are short, and the evening shadows approach, gathering around the cheerful fire instead of the spacious portions.

The fires are all lit and the furnaces are being heated by the product of his year.

It has been a beautiful year for him. All we Providence has

sunshine and showers in due season, and the earth has brought forth its treasures abundantly.

The evenings are growing longer, and the days shorter.

Large erops and good fires.
